ABOUT US

Sagar Construction is a premier construction company in India, dedicated to delivering high-impact projects across diverse sectors of the economy. With over 20 years of experience, we have developed a strong, customer-centric approach focused on excellence and timely delivery, ensuring that our work meets the highest standards in quality.

Our expertise spans the full spectrum of construction services, backed by a robust workforce of over 700 skilled professionals. This team is committed to understanding and meeting the unique needs of each customer, providing tailored solutions across India.

As leaders in the industry, Sagar Construction combines innovation with cost-efficiency, making us a top choice for clients seeking value-driven, quality construction services. We are deeply committed to delivering projects on schedule, ensuring our clients achieve their objectives without compromising on quality or timelines.

Vision

We strive to build our reputation through dedicated construction services, upholding the highest industry standards in safety, environmental responsibility, quality, and ethics.

Our Mission

Our mission is to lead the construction industry by delivering exceptional, value-driven projects that exceed client expectations. We are committed to maintaining the highest standards in safety, environmental sustainability, quality, and ethics. Through innovation, skilled expertise, and a dedication to timely delivery, we aim to foster long-term relationships with our clients and contribute positively to the communities we serve.

Sunil Singh interacting with **Mr. Parth Jindal** Managing director of JSW Cement

Capabilities

Our expertise coupled with Fabrication, Erection, Structure and Duct, Equipment Erection and installation capabilities make Sagar Construction a force to reckon with in the industry. The professional and dynamic team ensures that the work executed with the utmost professionalism.

Approach

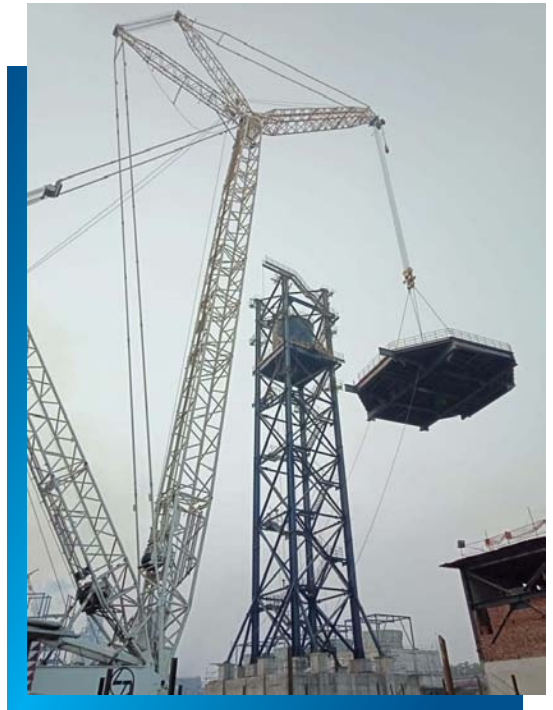

We build relationships that last to exercise mutual benefits. That is because our interests are always aligned with yours. We consider ourselves as a part of your team since the very start and every decision is aligned with your deadline and goals in mind, resulting in successful outcomes.

Solutions

Our work style influences the way we strive to solve your problems and meet your requirements. We cherish the challenges that come with complex projects because they result in solutions that create the outstanding.

- Fabrication and Erection of Structure
- Erection of Equipment
- Fabrication and Erection of Duct

Future

Future always excites us; innovation inspires us & creativity drives us. As technology and techniques evolve, continuously explores innovative ideas and implements the latest in the efficiency of our Processes, policies and upskilling our talent pool.

Our Team

Sagar Construction's strength lies in its dedicated and highly skilled team of over 600 professionals, each bringing valuable expertise and a shared commitment to excellence. Our team includes experienced engineers, project managers, safety specialists, and skilled laborers, all working together to bring our clients' visions to life. Through ongoing training and a focus on collaboration, we empower our people to deliver quality and efficiency on every project.

Projects

With over two decades of experience, Sagar Construction has successfully completed numerous high-impact projects across diverse sectors, establishing ourselves as a trusted name in the industry. Our portfolio includes residential, commercial, and industrial projects that showcase our ability to deliver on time, within budget, and to the highest standards of quality. Each completed project reflects our dedication to innovation, safety, and customer satisfaction, reinforcing our position as leaders in the construction sector across India.
